#3

This wireframe shows a top navigation bar with five items: Map View, Find Events, Budget Tracker, Booking, and Account. Below the navigation is a 'Map' section containing a placeholder for a map photo. To the right is an 'Event Details' panel with the message 'Please Sign In to view events'. A vertical sidebar on the right has a 'Logout' button. At the bottom, a date '10/13/13' is displayed.

#4

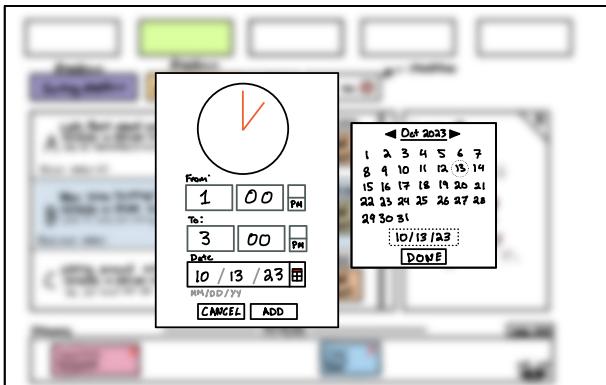

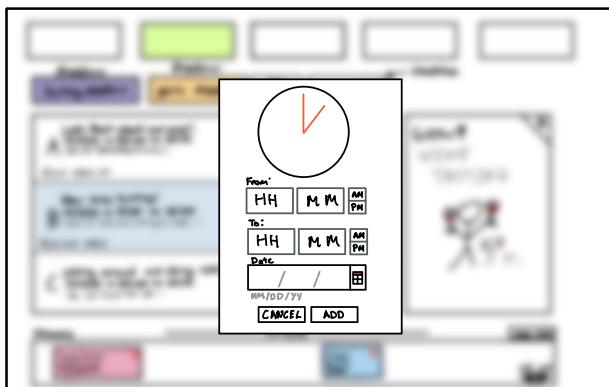

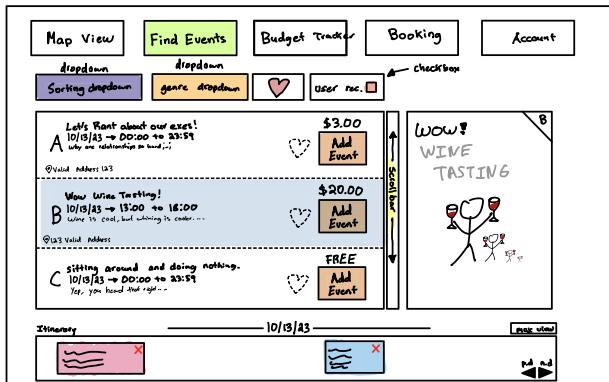

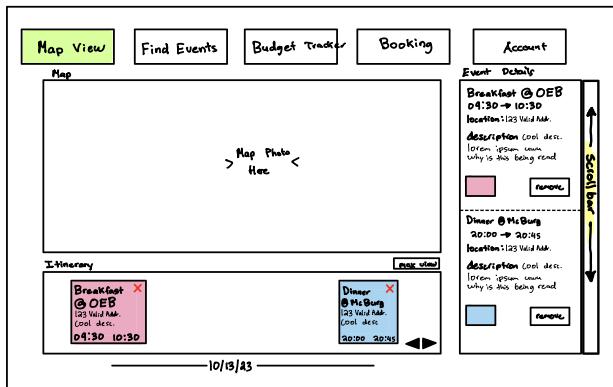

This wireframe shows a top navigation bar with five items: Map View, Find Events, Budget Tracker, Booking, and Account. The 'Account' item is highlighted. On the left is a 'Sign In:' form with fields for Username (containing 'icelandic\_cubicle') and Password, and checkboxes for Show password, remember me, and a password reset link. On the right is a 'Register:' form with fields for Username, Email address, Create password, Verify password, and checkboxes for Show password, Subscribe to mail list, Agree to terms & conditions, and a Register button.

#5

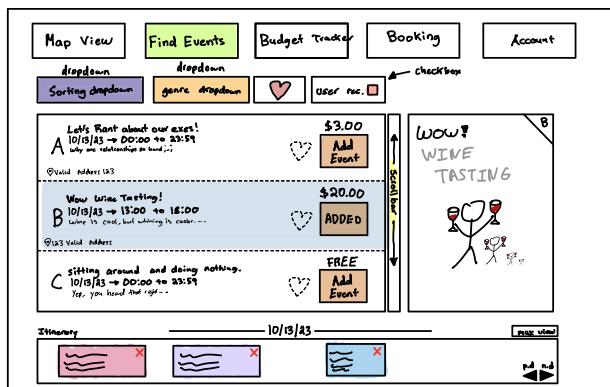

This wireframe shows a top navigation bar with five items: Map View, Find Events, Budget Tracker, Booking, and Account. The 'Account' item is highlighted. The 'Sign In:' form now shows a registered account with a password field containing '\*\*\*\*\*'. The 'Register:' form remains identical to the previous wireframe.

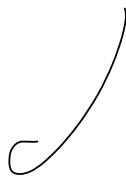

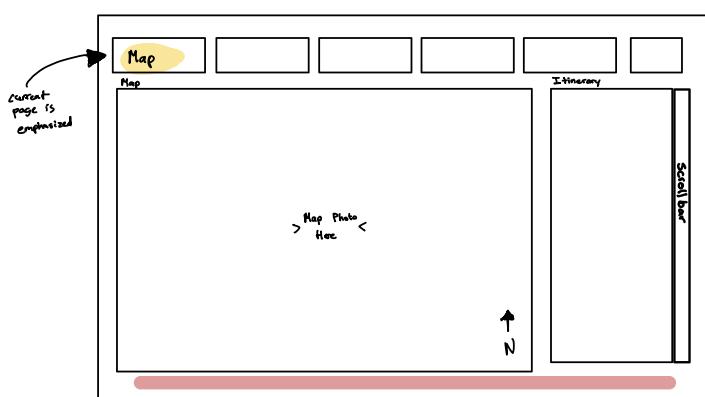

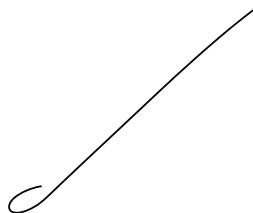

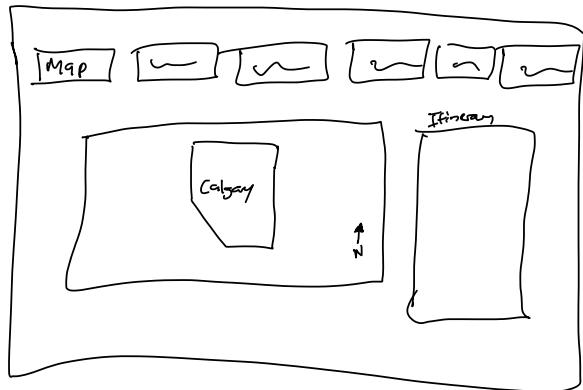

#6

This wireframe shows a top navigation bar with five items: Map View, Find Events, Budget Tracker, Booking, and Account. Below the navigation is a 'Map' section containing a placeholder for a map photo. To the right is an 'Event Details' panel displaying two events: 'Breakfast @ OEB' and 'A Christmas Carol'. Each event has a remove button. A vertical sidebar on the right has a 'Logout' button. At the bottom, a date '10/13/13' is displayed.

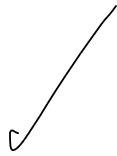

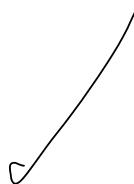

HII

size of boxes elements  
is not split evenly  
between the two

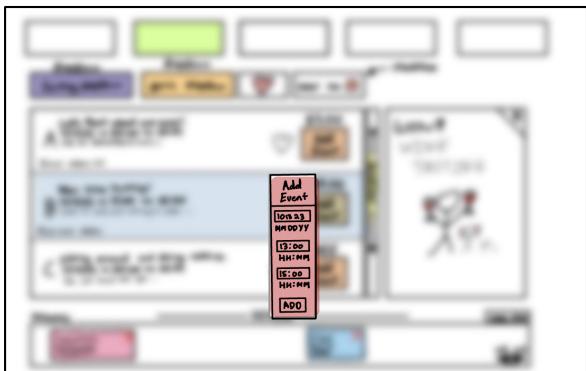

lacks the bottom itinerary  
and filtering options

✓3

formatted in a structured way  
which leaves more empty space  
on the sides

Not very intuitive add event  
feature

wants too much deadspace . --
